MESSAGE FROM CALIFORNIA STATE PTA

Hello and welcome, PTA members. We are very excited to invite you to the 119th California State PTA Convention in Ontario, California. Convention is a wonderful place to ask questions, learn new things, meet new people and get energized for the coming term. This is where we learn how to make a positive impact in our local schools, councils and districts. At convention, we hear the stories of how PTA has impacted someone’s life and we see the excitement of new leaders who have attended an amazing workshop. We know when PTA leaders attend convention, they feel connected to the larger association and see they are part of a bigger picture. PTA believes in our ability to lead and create change.

We believe this convention will be full of excitement. The election year provides us with a wonderful opportunity to bring you a forum where we can all learn about our candidates for Governor. We will have a Family Arts Experience again this year, which was wildly popular last year with standing room only. Convention will also include five general sessions for PTA business, along with four sessions with multiple workshops and table talks.

Based on your feedback, the general meetings will be shorter and interspersed throughout the convention. This year’s general sessions provide opportunities for delegates to vote on resolutions, the legislative platform and Bylaw changes. Make sure to plan on staying for the entire convention so you don’t miss the Teacher of the Year Dr. Brian McDaniel and the Association of California School Administrators Executive Director Dr. Wesley Smith as well as some of our very talented Reflections winners at our final general session.

Be sure to come early for the Exhibit Hall, opening on April 26. On Saturday night, it will be open for district PTA events so check with your district president to learn their plans. One of the best things about convention is the ability to network with other PTA leaders, and district events are a great place to make connections.

Check out the following pages for all the information you’ll need to plan your trip to convention! There is something for everyone at this year’s convention and we look forward to meeting all of you in Ontario.

Believe in our children, believe in PTA. See you there!

National PTA President James L. Accomando  
First General Session

James L. Accomando was elected as the 55th President of the National PTA Board of Directors at the June 2017 National PTA Convention. Jim has been engaged in fulfilling the mission of PTA since his oldest child began kindergarten. For the past 18 years, he has volunteered at every level and has had the pleasure of being president of his child's high school PTA, the district's PTA council and the State of Connecticut Parent Teacher Association.

Jim believes that family and community engagement is one of the key strengths of PTA in providing equity and quality in our educational system today. He advocates to look beyond the school community to develop partnerships with other educational stakeholders in order to further the mission of the association.

In 2012, Jim was instrumental in the Snow Flakes for Sandy Hook Elementary School Healing Initiative and the fundraising of $1.1 million dollars to support potential mental health issues within the Sandy Hook school community. He is also actively engaged in other civic and youth programming as a coach, Boy Scout leader and church.

Jim is a small business owner, the parent of two children educated in public schools and the husband of a public school teacher.

Executive Director Association of California School Administrators  
Dr. Wesley Smith  
Third General Session

Dr. Wesley Smith is executive director of the Association of California School Administrators (ACSA), the largest school leadership group in the nation. ACSA is foremost a champion for the state’s more than 6 million students. Having served in a variety of school leadership roles, including elementary and middle grades principal, assistant superintendent and superintendent, Dr. Smith understands the intricacies and influences in public education. He believes in a bold new future for ACSA and ensuring it is the most influential voice in public education for years to come.

Changes in the standards taught and tested in California, a new school funding formula and the redesign of education accountability systems will require ACSA leadership. Dr. Smith is uniquely poised to lead that charge to protect the present and the future of all students.
2018 Teacher of the Year Gregory Gardiner  
Fifth General Session

Gregory Gardiner one of the five California Teachers of Year teaches 9th through 12th grades at Edison High School, Huntington Beach Union High School District in Huntington Beach, Orange County.

Gardiner teaches Advanced Placement Environmental Science, Academy of Sustainability and Engineering (STEAM) Accelerated Biology class, and course for students with moderate to severe disabilities on Environmental Science topics. He advocates for his students with moderate to severe disabilities, finds more opportunities, a better way to channel the talents and overcome the challenges that my students may have so they can achieve all that is set in front of them. He advocates for all students to succeed in science and he wants every student to have a “hands-on minds-on” experience within his science classroom.

“I am a huge proponent for incorporating hands-on, minds-on project-based learning to create learning opportunities for my students to grow their curiosity and critical thinking skills about the rapidly changing world around them,” said Gardiner.

Donnie, one of his students since 9th grade, isn’t afraid to try new things. Donnie and my students urge me on and get me to ask myself, why not? Why not build an even bigger aquaponics system? Why not raise Tilapia? Why not start an outdoor Innovation Lab? Why not build a hydrogen fuel cell remote control car? Why not have students build and maintain the systems throughout the Innovation Labs? Why not take ideas and make them real? Why not indeed!

Edison High School Innovation Lab, with support of school staff, businesses, and the community transformed an empty auto shop into a vibrant Innovation Lab where students get to innovate, design, and engineer different projects that support sustainability. “Donnie and many of my students look around the Innovation Lab and see their handiwork. In the Lab, students can innovate, problem-solve, and build sustainable systems” said Gardiner.

“I spend my time teaching in my lab-ready classroom and in the Innovation Labs. Students can sit and read, work alone or in groups, but most of the learning takes place through project-based learning that is led by my students’ ideas,” says Gardiner.

VOTING DELEGATES

Voting delegates are issued a voting card at registration. These cards cannot be transferred or replaced. It is the responsibility of each voting delegate to ensure he or she receives and signs this card at registration.

Unit Delegates

A delegate representing a unit in good standing is eligible to vote at the California State PTA Annual Convention general meetings. A unit in good standing is one that has paid dues and insurance to California State PTA by March 31, 2018 (California State PTA Bylaws, Article VI, Section 1).

Each unit in good standing is entitled to be represented at the California State PTA Annual Convention by the president or president-elect, or an elected alternate and one additional elected delegate (California State PTA Bylaws, Article XV, Section 5). The number of delegates to which a unit is entitled is determined by the total memberships recorded in the California State PTA office by March 31, 2018. (California State PTA Bylaws, Article XV, Section 3). The number of delegates is set forth in Article XV, Section 5, of the California State PTA Bylaws. Each unit of more than 250 members may be represented by additional elected delegates or their alternates (California State PTA Bylaws, Article XV, Section 5) as follows:

A delegate shall not be allowed to represent more than one unit and must have been a member of that unit at least 30 days prior to convention or a member of a unit at a feeder school, where applicable. This shall not apply to units organized within 90 days prior to convention (California State PTA Bylaws, Article XV, Section 5).

District Delegates

District presidents register as members of the California State PTA Board of Managers. Convention delegates shall be a maximum of three delegates or their alternates elected from each district PTA executive board, one of the delegates being the president-elect in an election year (California State PTA Bylaws, Article XV, Section 3b).
Council Delegates

Council delegates shall be as follows: one delegate or alternate elected from each council executive board, in addition to the council president or president-elect or elected alternate for a maximum of two voting delegates per council (California State PTA Bylaws, Article XV, Section 3c).

Student Delegates (12 – 18)

A student member between 12 and 18 years of age wishing to register MUST present a current PTA membership card and a Parent/Guardian Approval and Consent to Treatment Form signed by a parent(s) or guardian(s). Download the form in English or Spanish.

Non-Voting Participants

Non-voting participants will receive a convention badge and tote bag and may attend all meetings and workshops. They have all the privileges of a delegate except the right to make motions, debate, vote or speak at a microphone. When a PTA has more members who wish to attend than the number of delegates to which the unit, council or district PTA is entitled, the additional participants may register as full-time or one-day non-voting.

Resolution & Bylaw Hearings

Voting delegates should plan to attend one of the resolution or bylaw hearings held on both Friday, April 27 from 5:30 – 6:30 p.m. and Saturday, April 28 from 7:30 – 8:30 a.m. This is your opportunity to hear from the makers of the resolutions and learn why they believe the resolution is important to PTA. At this time, you can also submit amendments to the resolutions, called an Intent to Amend, which may strengthen or clarify the resolutions. This is one of only two opportunities when delegates may submit an Intent to Amend form.

California State PTA Parliamentarian will attend bylaw hearings to explain the rationale for the proposed changes. As with resolutions, if you plan to make an amendment you should attend a hearing to submit an Intent to Amend form.
REGISTRATION PROCEDURES

Online registration is the preferred method for convention registration. Members are encouraged to register online or by mail using the registration form. Fees entitle participants to attend the general meetings, workshops, Table Talks, Exhibit Hall and special events. “Exhibit Hall Only” entitles access to just the Exhibit Hall.

| A02 | Special Needs Advocacy: Getting the School on Your Side | Want to lead your school team in developing a good IEP or 504? Want to improve meaningful opportunities for inclusion at your school or PTA? It begins with effective collaboration. This workshop is one of two. This Table Talk will focus on three of these standards to help you begin to build a school environment where information is freely shared and input is sought and genuinely considered. Take home strategies that will: 1) help build a culture at your school where parents and family members feel welcomed, respected and appreciated, 2) help improve two-way communication between the school and families and 3) help families learn how best to support student learning in the home and at school.
